Helen F Smith, PhD
Assistant Laboratory Director

Christina J Ramirez, PhD, DVM, DACVP
Medical Director

Paw Print Genetics® performed the tests listed on this dog. See the Laboratory Report for interpretation and recommendations based on these findings. The tests listed here were selected by the client. Normal results do not exclude inherited mutations not tested in these or other genes that may affect the dog's health and their performance determined by Paw Print Genetics. This laboratory is not responsible for any genetic variations that may interfere with the dog's health and performance.
